Notice of Collection of Private Data Minnesota Management & Budget (MMB) administers the State Employee Group Insurance Program (SEGIP). This notice explains why we are requesting the private data about you, your spouse, and dependents, how we will use it, who will see it, and your obligation to provide the data.

Why we ask you for this data? We ask for this data so that we can successfully administer SEGIP. This information is used to process your request to add or change coverage for yourself, your spouse, or dependents. The requested information helps us to determine eligibility, to identify you and your spouse, and dependents, and to contact you or your spouse, and dependents. The information is also used to develop new programs, ensure current programs effectively and efficiently meet member needs, and to comply with federal and state law and rules. We need the social security numbers and birth dates of your spouse and dependent to offer insurance continuation, process a death benefit, to ensure we are matching them to the correct insurance benefit transaction and to comply with federal Medicare coordination laws (in compliance with Section 111 of the Medicare, Medicaid, and SCHIP Extension Act of 2007 (P.L. 110-173)). If you provide any data about you, your spouse, or dependents that is not necessary, we will not use it for any purpose.

Do you have to provide the private data requested? You are not required to provide all of the data but certain data must be collected. If you do not provide the requested data, your dependent(s) may be approved to participate in the program or may lose coverage under the program. If you do provide the data, it will be used as described.

Who else may see this data about you and your spouse and dependents? We may give data about you, your spouse, and dependents to the plan administrator you have chosen, SEGIP's other representatives, vendors and actuary; the Legislative Auditor; the Department of Health; the Department of Commerce; and any law enforcement agency or other agency with the legal authority to the information; and anyone authorized by a court order. In addition, the parents of a minor may see data on the minor unless there is a law, court order, or other legally binding instrument that blocks the parent from that data.

How else may this data be used? We can use or release this data only as stated in this notice unless you give us your written permission to release the data for another purpose or to release it to another individual or entity. The data may also be used for another purpose if Congress or the Minnesota Legislature passes a law allowing or requiring us to release the data or to use it for another purpose.
